**REPLY BRIEF NOTED**

The reply brief filed 25 July 2003 has been entered and considered. With respect to the Appellant's argument that Gillespie et al. (4,783,503) fail to teach spunbond fibers, and instead teaches meltblown fibers, it is noted that Gillespie is relied upon merely for the teaching of denier, and Shultz et al. (6,103,647) teach metallocene propylene spunbond fibers. The application has been forwarded to the Board of Patent Appeals and Interferences for decision on the appeal.
